Review Report on Interim Financial Information

To the Board of Directors and shareholders of Isavia Ltd.

We have, under a mandate of the Icelandic National Audit Office, reviewed the accompanying Condensed Consolidated Financial Statements of Isavia Ltd. for the period January 1st to June 30th 2018, which comprise the Statement of the Board of Directors, Statement of Financial Position, Statement of Comprehensive Income, Statement of Changes in Equity and Statement of Cash Flows and a summary of significant accounting policies and other explanatory notes.

Management's Responsibility for the Financial Statements

Board of Directors and Managing Director are responsible for the preparation and fair presentation of this Consolidated Interim Financial Statements in accordance with International Financial Reporting Standards for Interim Financial Reporting, IAS 34, as adopted by the European Union.

Auditor's Responsibility

Our responsibility is to express a conclusion on these Consolidated Interim Financial Statements based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements, ISRE 2410. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying Consolidated Interim Financial Statements does not give a true and fair view of the financial position of the entity as at June 30th 2018, and of its financial performance and its cash flows for the six-month period then ended in accordance with International Financial Reporting Standards for Interim Financial Reporting, IAS 34, as adopted by the European Union.

Emphasis of matter

Without qualifying our opinion we draw attention to Note 13 to the financial statements which describes the uncertainty of the recovery of a claim due to value added tax from the Directorate of Internal Revenue.

1. General information

Isavia Ltd. (the Company) was established in the beginning of 2010 with a merger between Flugstodir Ltd. and Keflavíkurflugvöllur Ltd. Isavia Ltd. is a government owned private limited company and complies with the Icelandic limited companies law No. 2/1995. The company's domicile and venue is Reykjavík Airport.

Isavia Ltd. is the national operator of all airports and air navigation services in Iceland that cover 5.4 million square kilometers. The company ensures aviation safety and airport security in accordance with recognized international standards and operating licenses issued and supervised by the Icelandic Civil Aviation Authority.

The Consolidated Financial Statements of Isavia Ltd. consist of the Parent company and its subsidiaries. Companies within the consolidation are in addition to Isavia Ltd., Duty Free Store Ltd., Tern Systems Ltd., Domavia Ltd. and Suluk ApS.

2. Summary of Significant Accounting Policies

Statement of compliance

The Condensed Consolidated Interim Financial Statements for the period of January 1st to June the 30th 2018 have been prepared in accordance with IAS 34, as adopted by the European Union. The Condensed Interim Financial Statements does not include all the information required for annual financial statements of the Company and should be read in conjunction with the Consolidated Financial Statement for the year 2017.

The Condensed Consolidated Financial Statements have been prepared according to the same accounting principles as for the previous year 2017 with addition of two new accounting standards (IFRS 9 and IFRS 15) that took effect on January 1st 2018. The Financial Statements are available from the Company or at their website; www.isavia.is.

IFRS 9 – Financial Instruments replaces the guidance in IAS 39 Financial Instruments: Recognition and Measurement and introduces consequential amendments to other standards, such as IAS 1 Presentation of Financial Statements and IFRS 7 Financial Instruments: Disclosures. IFRS 9 contains specific transitional provisions for classification and measurement of financial assets; impairment of financial assets; and hedge accounting.

Implementation of the standard has immaterial effect on the Group's Condensed Interim Financial Statements other than that the separation note is now more thorough, cf. note number 4.

IFRS 15 replaces IAS 18, IAS 11 and related interpretations. The core principle of IFRS 15 is that revenue must be recognized so as to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Revenue must be recognized in accordance with that core principle by applying a five-step model to determine when to recognize revenue and at what amount.

Implementation of the standard has an immaterial effect on the Group's Condensed Interim Financial Statements. The effect is limited to insignificant change in evaluation of provision for doubtful receivables.

The fundamental accounting principles

The Condensed Consolidated Interim Financial Statements are presented in Icelandic krona (ISK), wich is the functional currency of the Company. The Condensed Consolidated Interim Financial Statements have been prepared on an historical cost basis except that one certain financial asset is revalued.

3. Significant accounting judgements and key sources of estimation uncertainty

The preparation of the Condensed Consolitated Financial Statements, in accordance with international accounting standard IAS 34, requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses recognized in the Condensed Consolidated Financial Statements. The accounting estimates and underlying assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Accounting judgements are preferably in following account balances:

- Property, plant and equipment
- Intangible assets
- Inventories
- Accounts receivables
- Deferred tax liabilities

Due toe the development of software intended for sale on the global market in the coming years, the development cost amounts to approximately ISK 62,5 million which was capitalized in calendar years 2012 to 2015. The software development was completed in the second half of calendar year 2015 and are available for sale and already in use by clients. The Company has assessed the recoverable amount of this intangible asset and determined that this asset has not suffered an impairment loss. Other software is purchased and its estimated lifespan is 3-20 years.

According to an agreement between Keflavik International Airport Ltd., now Isavia Ltd. and The Icelandic Defence Agency, now the Icelandic Coast Guard, signed on April 22nd 2009, the Company would take over certain NATO inventory airport facilities and equipment at Keflavik from the beginning of 2009 for the next 30 years. No fees will be charged for the usage but the Company must cover all costs of daily operations and maintenance expenses, to ensure the conditions are in accordance with the regulated standards by The International Civil Aviation Organization. On behalf of NATO inventory, the Icelandic Coast Guard has the right to use these facilities of which the usage rights are recognised proportionately over the lease term.

13. Other financial assets (continued)

The company's claim for value added tax consists mainly of unprocessed VAT reports from the Directorate of Internal Revenue for the period September 2016 to June 2018. The Directorate of Internal Revenue has questioned the validity of the assumption of value added tax registration that the company serves international flights at Keflavík Airport, according to article 12 in the Act on Value Added Tax, and the company does not therefore have the right to use a zero tax rate method and get VAT refunded from purchased supplies and services at the same time. The company fully disagrees with the Directorate of Internal Revenue, and believes that this important assumption was in place when the company was established. The Directorate of Internal Revenue has not ruled on the matter.

If the ruling of the matter becomes unfavorable for the company, the impact can be significant. The estimated effect on the financial statements for the first six months of the year will be a decrease in the operating income for the period by 797 million ISK, increase in tangible fixed assets by 4.174 million ISK while the corresponding decrease in other short-term claims is the same and finally a decrease in equity by 637 million ISK.
